

# HOW TO: Framed Monogram Font

CLUB COUTURE™ PROJECT

RELEASED APRIL 2026

## Supplies

**Club Couture Chalk Transfer® design:** Framed Monogram Font

**Chalkology® Ink Singles:** Candy Apple and Cadet

**Coordinating accessory:** Can Cooler (White)

**Recommended supplies:** Transfer Trimmers or scissors, Color Trays, Mini Squeegee, Multi-Tool, Quick Dry Tool, parchment paper, iron, ironing board

*\*Chalkology Ink Singles are subject to change.*

## Instructions

1. Knead the Chalkology Ink Singles. Cut the ink singles open and squeeze the desired amount of ink onto a Color Tray.
2. Cut along the provided lines to separate individual elements from the Transfer.
3. Decide which side of the Can Cooler will be the front. The Transfer element with the oval frame should be the front. Use the coordinating Transfer element for each side.
4. Remove the Transfer Backer Sheet and apply the Transfer element to the surface of the Can Cooler. Smooth it out to ensure that it has properly adhered and there are no bubbles or wrinkles.
5. Apply ink over the Transfer element using a squeegee. When the design has been completely inked, remove the Transfer element from the surface. Allow time for the ink to dry before inking the reverse side. You may use a Quick Dry Tool to expedite the drying process.
6. Repeat steps as necessary until the Can Cooler is inked on all sides. To add your monogram, cut the letter of your choice from the Transfer and adhere the element within the inked oval frame on the Can Cooler. Apply a layer of ink, then remove the Transfer element when finished.
7. Immediately clean the Transfer elements with cool water (do not let them soak). Dry the Transfer elements flat with the sticky side up. Once dry, reapply the Transfer Backer Sheets and store flat.
8. Once the ink has dried on both sides, place the Can Cooler on an ironing board. Cover the inked portion with a piece of parchment paper and heat set with an iron using medium heat for 4 minutes per side.
9. Keep it cool on hot summer days with your personalized project!
