*\*Chalkology Ink Singles are subject to change.*

### Instructions

1. Cut an Ink Mat to size and insert it into your Square Pillow Cover. This secures the fabric in place and prevents ink from bleeding through.
2. Knead the Black Velvet Chalkology Ink Single. Cut the ink single open and squeeze the desired amount of ink onto a Color Tray.
3. Remove the Transfer Backer Sheet and apply the Transfer to the surface of the Square Pillow Cover. Smooth it out to ensure that it has properly adhered and there are no bubbles or wrinkles.
4. Apply Black Velvet ink over the Transfer using a squeegee. When the design has been completely inked, remove the Transfer from the surface. Allow time for the ink to dry, or you may use a Quick Dry Tool to expedite the drying process.
5. Immediately clean the Transfer with cool water (*do not let it soak*). Dry the Transfer flat with the sticky side up. Once dry, reapply the Transfer Backer Sheet and store flat.
6. Knead the Cadet and Bumblebee Chalkology Ink Singles. Cut the ink singles open. Squeeze a small amount of each ink color onto their own Color Tray. On two additional Color Trays, squeeze a little bit of both Cadet and Bumblebee ink, using more or less of each color in the opposite tray in order to create two unique shades of green once mixed. Add a little bit of water to all Color Trays. Mix with a paintbrush to create a paint-like consistency.
7. Use a paintbrush to fill in the background of the squares for each character using the watered-down ink colors.
8. Once the ink on your Square Pillow Cover has dried, remove the Ink Mat and place the pillow cover on an ironing board. Cover the inked portion with a piece of parchment paper and heat set with an iron using medium heat for 4 minutes per side.
9. Slide the pillow cover over a coordinating pillow (*not included*) and put it out for all to enjoy!
